KRYSTLE MURPHY

Specialising in Frontend Design

JS Javascript   ⚛ React   </> HTML & CSS

〜 Tailwind   **JS** Nodejs

ABOUT ME

Completed a rigorous Front End Boot Camp at The University of Birmingham, developing strong coding skills in HTML, CSS, JavaScript, React, and jQuery. Seeking a junior role or apprenticeship to further grow and embrace new technologies. Experienced in teamwork and innovative problem-solving, with a track record of successful project leadership. Currently interning at CC Diagnostics, collaborating with interns to redesign the company website, utilizing skills in proposal creation, wireframing, and CMS solutions. Demonstrated excellent time management, communication, and independent working abilities. Formerly a teacher with a leadership role, bringing transferable skills such as strategic thinking, team leadership, planning, organization, and effective communication. Reliable and committed to continual upskilling and learning new technologies.

EXPERIENCE

June 2024 - Present
CC Diagnostics
Frontend Intern

Redesigned the client-facing website, employing tools such as Tailwind CSS, React, Figma, and Miro. Conducted a site evaluation, developed a project plan, and crafted the UI/UX in Figma. Implemented React for development, styled with Tailwind CSS, and integrated Airtable API as CMS. Maintained regular stakeholder updates, ensuring the project's success and resulting in a modern, efficient, and visually appealing website.

November 2023 - March 2024
University of Birmingham
EdEx Trilogy Certificate, Frontend Design

Proficient in JavaScript, with skills in integrating libraries like Bootstrap, Tailwind, jQuery, and DayJS to enhance web projects. Experienced in incorporating third-party APIs and familiar with NodeJS and NPM for efficient package management. Strong practical knowledge of Git for version control. Demonstrated problem-solving abilities, excellent communication, and collaboration skills. Skilled in troubleshooting and debugging, ensuring smooth project execution. Committed to continual upskilling and learning new technologies.

September 2012 - Present
Selly Oak Trust School
Head of School

Strategic leader at a large SEN school, accountable for a large team of staff and students, overseeing wellbeing and curriculum development. Excellent delivery and facilitation of classroom teaching, assemblies, managing quality assurance cycles, leading faculty meetings ensuring excellent outcomes for stakeholders. Induction tutor for initial teacher training, ensuring high standards of education, formal report writing to support career progression.
